

State Camp 2015 is almost here.

The Olympic Development Program has had a great year and in response to the events that have already taken place for the players in the program we are offering a state camp. It is open to all players in the Dakotas that want to learn and play the beautiful game under the direction of some of the best coaches we have in the Dakotas. This camp is dedicated to enhancing a player's soccer skill and also to creating leadership, teamwork, and problem solving abilities.

While at the camp the players will be supervised by parent chaperones and coaches. We are excited about providing this opportunity to our players in the Dakotas and hope that many of you will be able to take advantage of it. Space is limited, so please register early and secure your spot in camp today.
